

Remarks/Arguments:

Introduction

In the Amendment and Response filed January 22, 2009, there was an error in the first line of claim 21. The first line was amended with the intention to read in part “at least two light sources”. The previous limitation of “one” was inadvertently not deleted. The first line of claim 21 is now amended to read in part “at least two light sources” in place of “at least two one light sources”.

Applicant respectfully submits that independent claims 21 and 41-44, and all claims dependent therefrom, are patentably distinct. Applicant further relies on all arguments presented in the January 22, 2009 Amendment and Response. This application is believed to be in condition for allowance. Favorable action thereon is therefore respectfully solicited.

Should the Examiner have any questions or comments concerning the above, the Examiner is respectfully invited to contact the undersigned attorney at the telephone number given below.

Respectfully submitted,
